Re: Important Information Regarding Your Bodily Injury Claim

Dear ██████████,

I am writing to let you know that I am involved in the handling of the bodily injury claim listed above.

One of the tools that our claim personnel may use in evaluating your claim is a computer program known as Colossus, licensed by Computer Sciences Corporation. Colossus uses a broad range of information about your injury, treatment, and prognosis to determine the severity of your injury. Based on this information, Colossus makes a recommendation as to the value of your injury. The Colossus recommendation is only one factor among many that our adjusters consider in reaching a decision as to the overall evaluation of the claim. It is their goal to reach that decision promptly, fairly, and based on an appropriate investigation of the facts and circumstances of your claim.

If you would like to discuss any aspect of this claim, including this letter, please feel free to call me at the number listed below. Thank you.

Sincerely,
